SUMMARY

Full-Stack Web Developer skilled in building scalable and responsive applications using modern JavaScript frameworks. Proficient in the MERN stack (MongoDB, Express.js, React, Node.js) and TypeScript. Adept at RESTful API design, component-based architecture, and cross-functional collaboration. Passionate about delivering clean, maintainable, and production-ready code.

EDUCATION

B.Tech (AI & Data Science) , Arya College of Engineering and IT	2021 – 2025
Senior Secondary , SRT School, Muzaffarpur, Bihar	2020
Secondary School , St. Joseph Sr. Sec. School, Muzaffarpur, Bihar	2018

SKILLS

Languages	JavaScript, TypeScript, C++
Frontend	React.js, Next.js, HTML5, CSS3, Tailwind CSS
Backend	Node.js, Express.js, RESTful APIs
Database	MongoDB, PostgreSQL, SQL
DevOps	Git, GitHub, Vercel, Cloudflare, Linux (RHCSA)
Tools	VS Code, Postman, Chrome DevTools
Certifications	RHCSA, MongoDB Atlas Developer

EXPERIENCE

MERN Stack Intern Vanillakart	Jul 2024 – Aug 2024 <i>Remote</i>
---	--------------------------------------

- Developed responsive UI components using React and integrated with RESTful APIs.
- Built and deployed secure backend services with Node.js and MongoDB using authentication middleware.
- Collaborated in sprints using Git version control and deployed builds with Vercel.

Full-Stack Developer (Personal Projects) GitHub	Nov 2023 – Present <i>Remote</i>
---	-------------------------------------

- Built and deployed full-stack applications using MERN stack (MongoDB, Express.js, React.js, Node.js).
- Refactored code, improved component structure, and optimized logic across multiple personal projects.
- Implemented authentication, routing, and responsive UI using React, Next.js, and Tailwind CSS.
- Used Git and GitHub for version control and deployed on Vercel and Cloudflare.

PROJECTS

Payments App — Developed a secure, full-stack payment system with user authentication, session management, and real-time transactions.

Tech Stack: React, Node.js, Express, MongoDB

Goal Tracker App — Built a goal tracking SPA with team collaboration, milestone tracking, and data visualization.

Tech Stack: Next.js, TypeScript, Tailwind CSS, Recharts, Framer Motion
